

McKesson CPACS Installation

Complete the following steps to install McKesson CPACS:

1. Using Internet Explorer enter the following address:
<https://cpacs.chn.tenethealth.com/WebClient>
2. The McKesson CPACS components will be installed
3. The following icon will be placed on the Dekstop:

Note: McKesson CPACS is accessed via Microsoft Internet Explorer (versions 8 through 11) and requires Microsoft .NET framework 4.5.2 or 4.6.1. If your system does not have Microsoft .NET framework 4.5.2 or 4.6.1 you can install it from the link provided at the McKesson CPACS logon page.
