New SmartPhone Apps
Available for Stat!Ref eBooks

Electronic books provided by the CHN Medical Libraries can now be accessed from your smartphone or other mobile device. Stat!Ref, the source of nearly 200 e-books in the health care fields, just released iPhone and BlackBerry apps. An app for Android will be available soon.

To connect to the resources via the STAT!Ref Mobile App, please follow these simple steps:

1. Access your STAT!Ref subscription from the CHN Medical Libraries home page at http://chn.azhin.org
2. Click the “Your Preferences” link in the upper right corner
3. Sign into Your STAT!Ref Preferences Account OR if you do not have a “Your Preferences” account already, set-up your account by simply entering your name, state, phone number, e-mail address and a password
4. Click on the Temporary Login Account Tab
5. Click the Activate/ Renew Button
